## FORT DE RUSSY ITEMS

A number of changes are announced among the members of this post detailed on special and extra duty for the month of March. The following members of Company G, 2nd Battalion of Engineers, are detailed on extra duty in the quartermaster department to take effect March 1st. Private Christian Schwen for duty as post saddler, Private Clemmens for duty as post carpenter, Private Andrew Broke for duty as post plumber and private Uhrig for duty as quartermaster clerk. Privates Patterson and James Smith are relieved from extra duty and placed on special duty as teamsters. Private McKinley is placed on special duty as storekeeper and the present men detailed for teamsters in the post stables are continued. There is no change in details in the members of the hospital corps.

**Musical.**  
A most pleasant musicale was given at the post pavilion Tuesday night under the direction of private Williams, who is in charge of that building. The new phonograph records were played and private Hovey and others entertained with piano and vocal numbers. A most enjoyable evening was spent and the wish has been expressed that this will be only the first of such Sunday evening concerts.

**To Hospital.**  
Private White, of the Alea detachment, arrived at this post yesterday and was sent to the post hospital for treatment. Private White has been on detached service since the arrival of the present force of engineers on this island. Privates Ruether and Kelsey, both of Company G, were also sent to the hospital here for treatment. Reports from the members of this post now in the hospital at Fort Shafter indicate that a number of these men will return to this camp within the next few days.

**To Detachments.**  
Private Chapman, of this post, was sent from here yesterday to the survey camp at Wahiawa for duty with that detachment. Corporal O'Neill left this post for temporary

duty at Alea, to return here upon completion of that duty. Four more men from this camp will be sent out to the survey parties during the present week to replace men sick from the detachments and who are now in the post hospital. Privates Terrence and Droughough left this post today for temporary duty with the detachment at Waimanalo and were accompanied by Corporal Emerson. Corporal Emerson will, upon completion of that work, return to the drafting room at this camp.

**Fill.**  
The large fill, of the pond directly opposite this camp, is now over half completed and the large dredge has been moved further down the beach and a new pipe line extended so as to continue the fill. The fill is entirely of coral and is now to be re-cultured height on that portion of the reservation.

**Bakery.**  
The post bakery is the next building here to receive the benefit of remodeling and new equipments. The building is to be entirely remodeled and new ovens and further equipment has been ordered from the states for that purpose. The new bakery will be on the site of the present building but much larger and equipped to handle greater business.

**Master.**  
The troops of this post were mustered Monday in the following order. First the post non-commissioned staff at headquarters, the members of the hospital corps and the sick at the post hospital and Company G, 2nd Battalion of Engineers on their own parade ground. The uniform was summer service under arms. An inspection of arms preceded the muster. The detachments will be mustered by the officers in command at the survey camps.

**Infantry Drill.**  
Beginning today the members of this post will resume infantry drill. This will be held in the mornings and will be conducted on the post parade grounds. This drill will be attended by all the members of the engineers now in this camp and by the new members of Company G.

## FORT SHAFTER NEWS

Friday the gymnasium drills ended unless ordered for another month, which is not probable. The gymnasium has become a much more popular place at the post since there have been regular gymnasium drills, and many have taken a great interest in the work.

**Bowling.**  
Several of the boys were at the bowling alleys Saturday. Two teams were chosen and a good, strong team game was played, several spectators being present.

The post non-commissioned staff was mustered at headquarters. One non-commissioned officer, one cook and one private in each company were excused. After inspection and muster of the companies, the guard and prisoners were mustered at the guardhouse.

All the arc lights are installed,

**KING PETER AFTER**

**MRS. POTTER PALMER**

**Bonapartists of France Have Visions of Empire's Return Through War With Germany.**

PARIS, Feb. 11.—Almost every member of the royal house of Serbia has sought or is seeking an American bride. Even King Peter, who has long been a widower, is said to have had his eyes on a possible American wife. It was for this purpose he sent an envoy to Paris with Mrs. Potter Palmer in view, though it is understood the royal matchmaker never got beyond the concierge who stood guard over the charming lady's mansion in the Rue Fabert.

King Peter's brother, Prince Armand Kara-Georgievich, endeavored to win the favor of Mrs. Scott-Grant, the ex-wife of Douglas Grant, and sister-in-law to Lady Essex. This royal prince was first married to a Russian princess from whom he separated. His marriage with the American lady, however, did not take place.

King Peter's two sons, following in the footsteps of their august father, are now said to be seeking American heiresses for brides. The elder, Prince George, is only 23. He, however, is not heir to the throne, having been compelled to surrender his rights of succession some years ago on account of his personal opinions and his politics. Prince Kara-Georgievich, the heir to the throne, is some four years older to the throne. And the prince's younger brothers have an agent who is making a close study of the American matrimonial market.

Never before have the Bonapartists all over France been in such joyous spirits. And rarely have they had such reason for rejoicing. The full significance of one of the last acts of the shrewd old King of the Belgians has just begun to dawn upon them. When this end was drawing near he put his signature to a bill for compulsory military service in Belgium. Thus by one stroke he raised the Belgian army from one to five hundred and fifty thousand men.

Now an army of 500,000 men checks the Kaiser with regards to war on France and to make the situation even more interesting we shall not doubt

but the lights for the company barracks have not yet been put in and it is expected that this work will begin soon.

All the recruits that arrived on the transport Sheridan February 13 have been turned to duty. This makes the duties of the post much easier than a month ago, as there were forty men assigned to the 20th.

Private Piper, Company G, 20th Infantry, was discharged from the post hospital as able for duty Saturday morning and returned to Company G for duty.

Private Brawner, Company G, was released from the hospital Saturday and resumed duty with Company G.

Private Sauer, Company G, 20th Infantry, who has been in the post hospital for several days, was returned to duty Sunday morning.

soon see the union of the imperial home of France with the royal house of Belgium, for the marriage of the Princess Clementine and Prince Victor Napoleon is approaching. Hence the rejoicing of the Bonapartists of France.

They think they see the departed glories of the empire returning under another Napoleon, and the courtly splendor of the Bourbons revived by a great granddaughter of Louis Philippe. Should Germany ever declare war against France, she could not well refuse the services of 500,000 fighting men well placed on the enemy's frontier. And the price France might pay would be to put a crown upon the head of her own Napoleon and another upon the head of the granddaughter of her own French king.

At least this is what the Bonapartists hope the future may bring forth. It is a pleasant dream. If it makes them happy, why so much the better.

**AGED 115 AND DANCES IN SNOW**

CLEVELAND, O., Feb. 11.—Aurora Mary, Gypsy queen emerita, who says she is 115 years old, danced barefoot in the snow with the other members of her tribe during the celebration of Ave Maria day at their camp, near here.

Aurora Mary believes in living close to nature. She never wears heavy weight clothing, and it is her daily custom to go barefoot through the snow, or over the ice. She is spry and smokes, and says she expects to live ten years longer.

Twenty years ago she abdicated her gypsy throne in favor of her little girl, who is now 70 years old.
